## Your Menu

We are unapologetically foodies.

The boutique nature of our business allows us to be food enthusiasts. We are not tied down to supply chains, we choose ingredients only by their quality ensuring that they not only look good but taste good. We love to tailor and design menus with our couples to pay homage to their favourite ingredients or tell the stories of their history. We focus of creating beautiful, picture perfect dishes that deliver on taste We don't believe in smoke and mirrors on a plate.

## Tastings in our kitchen

You may decide that you would like to come in for a tasting in order to check the design, presentation and flavour of our dishes. If you would like a tasting, we would be delighted to discuss this further with you. All tastings are carried out at our head office in Chelsea, London
